Subject: Potential Teleconference [Ex. 6 Personal Privacy (PP)]

Carolyn

Good afternoon. I spoke briefly with the property owners for [Ex. 6 Personal Privacy (PP)] this afternoon and have set up a time to have a face to face meeting. After briefly talking with them today on the phone, we determined that we would like to have a teleconference between IWM Consulting, the EPA, and the property owners. I will meet with them at their residence and we would like to call into the EPA. This approach will reduce the stress of them having to initiate the phone call with the EPA and will allow them to ask the EPA any questions they may have. They are available this Wednesday between 10 AM and 1 PM eastern standard time.

Please let me know if this date and time works for the EPA and if so, please let me know the call in number, the time for the teleconference, and who may be in attendance from the EPA. Thank you and please call or contact me with questions or if you need anything else regarding this proposed teleconference.

Sincerely,
